The following policy statements regarding transportation are found in the Parent/Student Handbook:

***“School events*** – teacher or parent/guardian drivers will normally drive students to events and places which are part of the school’s activities. Students will not be permitted to transport other students to or from a school activity without parental permission.”

***“Student drivers*** – students are allowed to drive themselves to school with parent/guardian permission. Student drivers must file a parent permission form and register their vehicle with the school office on the first day they drive to school. **THE SCHOOL WILL NEVER ASK OR ALLOW ANY STUDENT TO DRIVE ANOTHER STUDENT TO OR FROM A SCHOOL SPONSORED ACTIVITY UNLESS IT HAS THE APPROVAL OF THE PARENTS/GUARDIANS OF BOTH THE DRIVING AND DRIVEN STUDENTS.** Students driving other students to or from school are not under the control or jurisdiction of SLHS. Therefore, in those circumstances, the parents must assume all responsibility and liability for their teenager’s transportation safety to and from school.”
